OBJECTIVE

A motivated and enthusiastic individual with strong computer science fundamentals, dedicated to developing impactful technology solutions. Experienced in designing and improving software products, with hands-on exposure to coding, and eager to contribute to innovation while continuously learning and collaborating in dynamic engineering environments. Known for Accountability, Adaptability, Communication, Problem Solving, and Proactive thinking.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, C, SQL

Frameworks & Development: FastAPI, Flask, React.js, Node.js, Express.js, PyQt, REST APIs

AI / Data Science: Pandas, NumPy, Matplotlib, Scikit-learn, Generative AI, Prompt Engineering, LLMs

Databases: MySQL, MongoDB

Tools: Git, GitHub, Power BI, Tableau, Figma, Postman, VS Code, Google Colab

Core Concepts: Data Structures & Algorithms, OOP, Problem Solving, Agile Development

PROFESSIONAL EXPERIENCE

Freelance Full Stack Developer

Apr 2026 - Jun 2026

Roots of Araku (Organic Brand Platform)

Remote

- Designed and developed a responsive e-commerce and brand showcase website using MERN Stack. Created modern UIs, handled database configurations, and optimized loading speed.
- Managed end-to-end client lifecycle: requirement gathering, wireframing, frontend coding, backend configurations, testing, and deployment.

Freelance Full Stack Developer

Jan 2026 - Mar 2026

Pickurstay Hotels (Hospitality Platform)

Remote

- Engineered a stays discovery and room reservation platform integrating search filters and custom REST API endpoints.
- Optimized layout responsiveness using CSS Grid, asset delivery speeds, and general performance rankings.

Data Science Intern

Aug 2025 - Nov 2025

Imaginnovate

Vizag, India

- Developed NLP-based Python modules using Generative AI and prompt engineering techniques.
- Built and optimized AI models to improve text processing efficiency, accuracy, and validation speeds.
- Collaborated in an AI-focused agile development environment to deliver production-grade scalable solutions.

Data Analyst (Python Internship)

Apr 2025 - Jun 2025

Andhra Pradesh Skill Development Corporation (APSSDC)

Andhra Pradesh, India

- Analyzed complex structured datasets to identify trends and statistical patterns for business insights.
- Created interactive analytical dashboards using Python, Excel, and Power BI tools to present data findings.

PROJECTS

AI Engineering OS

[Link](#)

- Designed a development framework and workspace configuration for AI engineers, integrating RAG vectors, Ollama local inference configurations, CrewAI agent systems, and prompt evaluation tracking.

Grammar Assistance (Python | Backend & Frontend)

[Link](#)

- Built a desktop AI grammar assistant using Python, FastAPI, and PyQt with system-wide keyboard hooks, integrating Gemini API asynchronously to handle live user input and automate NLP processing.

Smart Job Search Project

[Link](#)

- Analyzed job trends across 5+ roles and multiple locations to extract in-demand skills, building pipelines and interactive Power BI charts to guide employment seeking decisions.

Intelligent Fraud Detection and Prevention

[Link](#)

- Built a real-time transaction fraud threat analysis system utilizing Scikit-learn (Random Forest, Logistic Regression) combined with custom rule-based heuristics for accurate risk prediction.

EDUCATION

B.Tech in CSE (Data Science)

2022 - 2026

Nadimpalli Satyanarayana Raju Institute of Technology

CGPA: 7.59 / 10

State Board of Intermediate Education

2020 - 2022

Narayana Junior College

Percentage: 70%

State Board of Secondary Education

2020

Sri Vignan Public School

Percentage: 99.4%

CERTIFICATES

- Amazon:** Solutions Architecture Job Simulation
- MongoDB:** MongoDB and the Document Model
- IIT Bombay Spoken Tutorial Project:** Java Programming Certification
- Coursera:** Introduction to Artificial Intelligence (AI)
- Microsoft:** Introduction to Generative AI

CO-CURRICULAR ACTIVITIES

- Participated in **24-hours Hackathon 2024** conducted at NSRIT.

- Participated in ***Hack2Impact*** hackathon organized by IIC.
- Attended professional training workshop on **Blockchain** at Kakinada hosted by GVPC.
